WHY JCT?

Located in the heart of Jerusalem, JCT is the premier institute for developing Israel's future leaders, rooted in Torah and prepared to drive the high-tech, biomedical, nursing and business fields.

01

94%

JCT graduates boast a 94% employment rate upon graduation. Nearly all JCT alumni are employed in their field within a year of graduation. Over 70% of those are employed within three months.

02

ALUMNI AWARDS

Alumni regularly win Israel's most prestigious defense awards. Including the Israel Defense Prize in 2013, 2017, 2018 and 2024!

03

#1

In women's empowerment for integrating women into computer science and engineering.

04

**100+
START-UPS**

have been created by faculty and alumni.

05

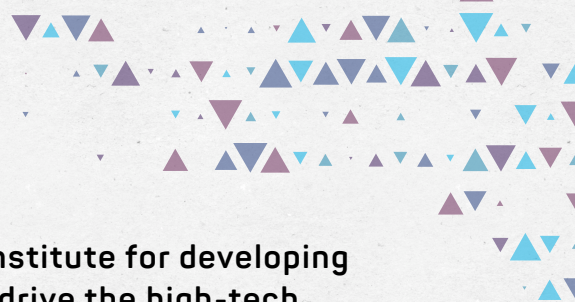

#1

In the country integrating Haredim into engineering and hi-tech.

06

100%

Graduates of the Selma Jelinek Nursing School boast a 100% pass rate in the Registered Nurse State Licensure Exam.

RELIGIOUS LIFE ON CAMPUS:

JCT prides itself on being a religious institution that combines academic excellence with passionate Torah learning and life. Located at the heart of the Lev Campus for men, is the large central Beit Midrash under the leadership of Rosh Yeshiva, Rabbi Yosef Ziv Rimon. Each morning, students in Machon Lev's International Program study a wide range of Torah topics with Rabbi Shalom Rosner, Rosh Beit Midrash of the International Program. They continue into academic classes after Mincha.

The Midrasha at the Tal Campus for women is led by Rabbi Yonatan Oren. Classes are taught by a wide range of teachers and Rabbis, including Rabbi Rosner, each day. The hashkafa that Midrasha learning is Torah L'ishma guides our teachers and students. We believe that the proper development of a student take place both inside the Midrasha and in the academic classroom.

Religious life on campus is rich. Students enjoy additional learning opportunities, Shabbatot featuring guest speakers, trips across the country, festive celebrations of Chagim and more.

ANNUAL TUITION & FEES

	TUITION & STUDENT FEES (INC. ULPAN)	DORMITORY
TAL CAMPUS	\$12,000	\$5,000
LEV CAMPUS	\$12,000	\$5,000

*These figures are estimates. JCT costs are in New Israeli Shekels. JCT reserves the right to change fees at any time.

"We are building a vibrant and warm makom Torah where students can strive and grow in both their Torah learning and academic studies. Our program will Be"H serve as a springboard for a life filled with Torah and avoda, coupled with dedication to our People and Eretz Yisrael."

Rabbi Shalom Rosner
Rosh Beit Midrash,
JCT International Program

"Machon Tal offers a combination of ideals and experiences that is truly unparalleled for young women choosing to pursue academic excellence in a Torah-centered environment here in Eretz Yisrael. It is an incredible zechut to be part of this momentum and to support students on their unique journeys - pursuing their professional goals while crystallizing their commitments to Torah and the land of Israel."

Dr. Mimi Fuchs
Tal Mashgicha Ruchanit

THE TAL CAMPUS FOR WOMEN

Established in 1990, Tal Campus for Women is Israel's first women-only engineering, technology and healthcare college. Today, Tal Campus graduates are sought after by employers in each of those sectors and are regarded as leaders in industry.

Tal's high level academic programs, enriched by a comprehensive Jewish studies program, have earned the college a reputation of excellence in Israel and across the Jewish world. Tal's graduates attain senior positions in established firms including Intel, Texas Instruments, Check Point, IBM and throughout the Israeli defense industry. They are also regular founders and leaders in many Israeli startups.

INNOVATION.
EMPOWERMENT.
EXCELLENCE.

DEGREE PROGRAMS

- Nursing (BSN)
- Computer Science (BSc)
- Business Administration (BA)
- Software Engineering (BSc)
- Industrial Engineering (BSc)
- Bioinformatics (Pre-Med Track) (BSc)
- Electro-optics Engineering (BSc)

THE LEV CAMPUS FOR MEN

Established in 1969, Lev Campus for men is located in the heart of Jerusalem's Givat Mordechai neighborhood. Lev offers a unique combination of high-level academic degree programs alongside an enriching curriculum of Torah study.

Lev degree programs prepare graduates for the highly skilled workforce. Campus facilities include state-of-the-art research labs, academic and Judaic libraries, a Beit Midrash, on-site dormitories, dairy and meat cafeterias, as well as a sports and recreation center.

FITNESS CENTER

Lev Campus features a state-of-the-art fitness center. The facility is fully equipped with a wide range of exercise equipment, cardio machines, changing rooms and showers.

STUDENT SERVICES & OPPORTUNITIES

Career counselling center, academic tutors, sports competitions, volunteering opportunities, hackathons, JLIC and Student Union activities and special events.

DINING OPTIONS

Lev Campus offers both dairy and meat cafeterias where food can be purchased at a subsidized price.

DORMS

Lev Campus has on-site dormitory buildings that accommodate single men and married couples with young children. Dorms are affordable and offer accessibility to all the College's facilities and services.

DEGREE PROGRAMS

- Computer Science (BSc)
- Business Administration (BA)
- Software Engineering (BSc)
- Industrial Engineering (BSc)
- Electrical and Electronics
- Engineering (BSc) Electro-optical
- Engineering and Applied Physics (BSc)
- Bioinformatics (Pre-Med Track) (BSc) **

** This degree will be offered if there is sufficient registration

WHERE ARE JCT ALUMNI TODAY?

JCT alumni are in high quality careers in every sector.

For decades, JCT alumni have played pivotal roles, shaping Israel's defense with an outsized presence across air defense systems, satellite technologies, terror tunnel detection, the cybersecurity frontier and more.

JCT alumni and faculty contribute to major advances in fields ranging from cyber security to medical technology and driving safety and have spearheaded projects critical to Israel's national security.

JCT alumni are found throughout Israeli high tech:

Over 100 startups have been created by JCT Alumni, strengthening the Startup Nation. They include:

WHAT OUR ALUMNI HAVE TO SAY:

Dovid Samuels, Memphis, TN

Software Engineer, Mobileye
BSc, Software Engineering, 2020

The main reason I chose JCT was the religious environment coupled by a recognized technology degree. There is not a single college that is on par with JCT on a religious level while still maintaining a competitive educational level.

Ari Gershon, Beit Shemesh

Technical Business Development
Project Manager, Mobileye
BSc, Computer Science, 2019
MSc, Data Mining, 2022

I found great value in my education at JCT. The networking opportunities, especially with professors was very special.

Miriam Greenwald, Jerusalem

Nurse Manager, HMO Clinic, BSN, 2018

The program was fascinating. Machon Tal's outstanding reputation is well-deserved. JCT maintains high standards while emphasizing professional ethics. The friendships I formed during my studies remain strong to this day. I couldn't be happier with my decision.

Matan Fichman, Nechusha

Data Scientist, NRICH
BSN Computer Science, 2019
MSN Data Mining, 2022

I'm so glad I chose to study at JCT; it gave me so much. I registered for extra courses and they developed my entrepreneurial business thinking beyond 'just' tech. I enjoyed studying with my classmates and had a job in Israel Aerospace Industries before I even graduated.

Dina Goldman Altura, Jerusalem

Founder and CEO, Business Boss
BA, Business Administration, 2025

JCT courses left an indelible impression on me and my degree shaped my career trajectory. I'm certain that my undergraduate education provided the essential foundation for everything I know and do today.

Adina Segel, London, England

BA, Business Administration, 2026

I chose to study at Machon Tal so that I could learn in English, and immerse myself in a religious environment, whilst still earning a high level degree. I love it here.

JERUSALEM COLLEGE OF TECHNOLOGY

Founded in 1969, the Jerusalem College of Technology (JCT) is the second largest academic institution in Jerusalem, with approximately 4,500 students on three campuses. The International Program in English offers students the opportunity to obtain a prestigious academic degree, coupled with immersive Torah study.

The College specializes in computer science and engineering, industrial management, business administration and life and health sciences combined with a Jewish studies program.

For 55 years, JCT's advanced academic leadership, high ethical and professional standards, and distinct emphasis on practical applied skills have earned the College international recognition for excellence.
